TRADE WASTE APPROVAL APPLICATION FORM

<p>Privacy Statement</p>	<p>Privacy Statement: <i>The Cassowary Coast Regional Council respects your privacy. Personal information on this form is collected in accordance with the Information Privacy Act 2009 guidelines and is used only by Council staff for the purpose of this form and will not be disclosed to any other party unless required by law.</i></p>
<p>Completing this application form</p> <p>Please use BLOCK LETTERS.</p>	<p>Fill out this form electronically, then print and sign where required. Alternatively, print and complete the form using blue or black ballpoint pen in CAPITALS.</p> <p>Once signed, original documents to be posted to:</p> <p>Trade Waste Officer Cassowary Coast Regional Council PO Box 887 INNISFAIL QLD 4860</p>
<p>Legislation</p>	<p>Definition of Trade Waste and Legislation.</p> <p>Trade waste refers to liquid waste from any business, industry, trade or manufacturing process approved for sewer disposal other than domestic sewerage. These wastes are controlled by the Cassowary Coast Regional Council under the Water Supply (Safety and Reliability) Act 2008.</p> <p>It is an offence under the Water Supply (Safety and Reliability) Act 2008 to discharge trade waste to the sewer without a trade waste approval. Financial penalties may apply.</p>
<p>You can use this form to:</p>	<p>Update Owner and Generator detail in accordance with CCRC TWEMP Apply to discharge liquid trade waste to sewer. Apply for a change of ownership for this approval. Apply for a change of treatment process or device Apply for a change of premises for your business. Apply for a change of business/es generating trade waste trading name</p>
<p>Information for applicant</p>	<p>Council's Trade Waste Environmental Management Plan requires all Trade Waste Generators to complete the following trade waste approval application form before discharging trade waste to the sewer.</p> <p>Trade Waste Generators are responsible for ensuring that the trade waste discharged to sewer meets Council requirements.</p> <p>Property Owners are responsible for the payment of trade waste fees and charges. Any arrangement for passing on those fees and charges to a Trade Waste Generator (ie. Tenant) will be the responsibility of the property owner.</p> <p>A Cassowary Coast Regional Council Trade Waste Approval to Discharge is required for a property owner to carry out any of the following activities:</p> <ul style="list-style-type: none"> • Discharging any liquid waste into the Council's sewer system other than domestic waste. • Washing up or cleaning any utensil or apparatus that is a component of the business and then discharging the waste into the Council's sewer system. • Conducting a commercial/industrial process that produces a contaminated liquid waste. • Having a pre-treatment device installed on the property that will be connected to the Council's sewer system. <p>If more than one trade waste producer operates from a single property, each trade waste producer must submit an application for a trade waste approval.</p> <p>For trade waste producing businesses that lease or rent premises, the consent of the property owner or their agent is required to generate trade waste on that premise. Property owners or their agent must sign the trade waste application form.</p> <p>Trade waste approvals are not transferable. When a trade waste business changes ownership, the existing approval is terminated and the new tenant/owner must apply for a new approval where required.</p> <p>If you have more than one grease arrestor, you must complete the sizing for grease arrestors chart for each grease arrestor. Please photocopy or print the required number of copies of the form. A plumbing and drainage clearance certificate is required before a trade waste approval will be issued.</p>
<p>Charging Criteria</p>	<p>Cassowary Coast Regional Council's trade waste charges are based on the volume of trade waste discharged into Cassowary Coast Regional Council's sewerage system, dollars and cents per kilolitre or part thereof.</p> <p>Unless separately metered, Cassowary Coast Regional Council will determine trade waste flow as a discharge factor of the water consumption, after making a deduction for water used for W.C.'s (Domestic consumption).</p>

Section 1 – Applicant Details (Business, industry or manufacturing premises)

MANDATORY – ALL APPLICATIONS MUST PROVIDE THE FOLLOWING INFORMATION

Business, industry or manufacturing premises	Trading Name:					
	Business Name:					
	ACN/ABN:					
	Address (not a PO Box.):					
	State:		Postcode:			
	Property ID:		Lot #:	Plan:		
Trade waste generator / Business Owner	First name:		Surname:			
	Postal Address:					
	State:		Postcode:			
	Phone Number: (H)		Mobile:			
	Fax number:					
	Email:					
	Signature:		Date:			
Nominated on-site trade waste contact person (if different to trade waste generator)	First Name:		Surname:			
	Phone:		Mobile:			
	Email:					

Section 2 - Property Owner/Authorised agent to complete

MANDATORY – ALL APPLICATIONS MUST PROVIDE THE FOLLOWING INFORMATION

Information for property Owner	<p>For trade waste producing businesses that lease or rent premises, the consent of the property owner or their agent is required to generate trade waste on that premise. Property owners or their agent must sign the trade waste application form.</p> <p>If the trade waste customer is also the property owner, please write 'As above' in the first name field and sign in the signature field (i.e. you will sign this form twice).</p>					
Property owner/authorised agent	First name:		Surname:			
	Postal Address:					
	State:		Postcode:			
	Phone Number: (H)		Mobile:			
	Fax number:					
	Email:					
	Signature:		Date:			

By signing the form, the Owner:

- (a) *consents to the Occupier of the premises carrying on the activity that generates trade waste, and applying for the trade waste approval; and*
- (b) *asks Council to provide the trade waste service to the premises, for the purpose of the levying, and the liability for payment, of the trade waste utility charges and other trade waste fees.*

Section 3 - About your Business

MANDATORY – ALL Applications MUST PROVIDE THE FOLLOWING INFORMATION

What is the reason for making this application?	Updating Owner and Generator detail in accordance with TWEMP		<input type="checkbox"/>
	Starting a new trade waste producing business	Date:	<input type="checkbox"/>
	Existing business that does not have a trade waste approval:		<input type="checkbox"/>
	Purchase of an existing trade waste producing business:		<input type="checkbox"/>
	Change of business type/ processes:		<input type="checkbox"/>
	Change of ownership of business premises:		<input type="checkbox"/>
	Other (please specify):		<input type="checkbox"/>
Previous trade waste approval	If purchasing a business with a trade waste approval, changing business type or ownership, or change in business processes, please provide the previous trade waste approval number (where known):		
Trade Waste Sub-meter or effluent meter	Does the business premise have an existing Trade Waste Sub-meter or effluent meter		Yes: <input type="checkbox"/> No: <input type="checkbox"/>
	If yes, please provide (if known). Qty:	Meter serial numbers:	

Section 4 - Business in Multi-Tenancy Properties, Body Corporate or Community Title Schemes

Tenancy arrangement?	Is the trade waste generating business located within a Body Corporate or a Community Title Scheme? If yes , please complete the details below:	Yes: <input type="checkbox"/>	No: <input type="checkbox"/>
Toilet Facilities?	Number of Water Closets located on individual lot:	WC's:	Urinals:
	Number of Water Closets located on common property:	WC's:	Urinals:
Pre-treatment Device?	Is the pre-treatment device connected to a single trade waste generator or multiple trade waste generators?	Single: <input type="checkbox"/>	Multiple: <input type="checkbox"/>
	If multiple tenants, please provide: Your premise floor Area (square meters):		

FOR OFFICE USE ONLY

Date received:		Received by:	
Assessment Officer:		Decision date:	
Approved by::		Date:	

Section 5 - About your Business

OPTIONAL – COUNCIL REQUESTS THAT THE FOLLOWING INFORMATION BE PROVIDE TO ASSISTS IN DETERMINING THE CONDITIONS ASSOCIATED WITH THE ISSUE OF THE TRADE WASTE APPROVAL.

Which industry group best represents your business activity?¹ (select one only)	<input type="checkbox"/> Aged care/nursing home	<input type="checkbox"/> Hotels	<input type="checkbox"/>
	<input type="checkbox"/> Air-conditioning waste-condensates, Cooling tower wastes	<input type="checkbox"/> Landfills (Leachate), solid waste transfer	<input type="checkbox"/>
	<input type="checkbox"/> Animal care	<input type="checkbox"/> Laundromats	<input type="checkbox"/>
	<input type="checkbox"/> Backpacker accommodation	<input type="checkbox"/> Light industry and manufacturing	<input type="checkbox"/>
	<input type="checkbox"/> Bakeries retail and/or manufacturing	<input type="checkbox"/> Marinas	<input type="checkbox"/>
	<input type="checkbox"/> Breweries or winery	<input type="checkbox"/> Mechanical workshops / automotive engineering / Panel Repair Workshops	<input type="checkbox"/>
	<input type="checkbox"/> Butchers small retail	<input type="checkbox"/> Medical centres/surgeries/dental (where have X-rays)	<input type="checkbox"/>
	<input type="checkbox"/> Caravan Parks with onsite laundry facilities or camp kitchens	<input type="checkbox"/> Metal/wood products manufacturing	<input type="checkbox"/>
	<input type="checkbox"/> Childcare with food preparation ¹	<input type="checkbox"/> Motels	<input type="checkbox"/>
	<input type="checkbox"/> Clubs (Registered/sporting) and Community Venues	<input type="checkbox"/> Other (please specify):	<input type="checkbox"/>
	<input type="checkbox"/> Commercial laundries and dry cleaning	<input type="checkbox"/> Photographic/X-ray/Graphic arts/Mini labs	<input type="checkbox"/>
	<input type="checkbox"/> Commercial swimming pools	<input type="checkbox"/> Portable toilet waste/sanitation	<input type="checkbox"/>
	<input type="checkbox"/> Delicatessens	<input type="checkbox"/> Raw water treatment	<input type="checkbox"/>
	<input type="checkbox"/> Equipment wash down, including drums and tanks	<input type="checkbox"/> Restaurants, cafes, food outlets, coffee shop,	<input type="checkbox"/>
	<input type="checkbox"/> Factories (wet process)	<input type="checkbox"/> Schools and TAFE	<input type="checkbox"/>
	<input type="checkbox"/> Fast food outlets/Take-a-ways	<input type="checkbox"/> Seafood Shops (wholesale and retail)	<input type="checkbox"/>
	<input type="checkbox"/> Food processor/manufacturing	<input type="checkbox"/> Service stations/car wash	<input type="checkbox"/>
	<input type="checkbox"/> Funeral homes and mortuaries	<input type="checkbox"/> Shopping centres and Supermarkets	<input type="checkbox"/>
	<input type="checkbox"/> Garbage collection areas in commercial buildings	<input type="checkbox"/> Small engineering works	<input type="checkbox"/>
	<input type="checkbox"/> Guest house/boarding house with communal food preparation facilities	<input type="checkbox"/> Textiles	<input type="checkbox"/>
<input type="checkbox"/> Hairdressers ¹	<input type="checkbox"/> Veterinary (where have X-rays)	<input type="checkbox"/>	
<input type="checkbox"/> Hospitals	<input type="checkbox"/> Waste recovery (liquid waste disposal) recycling and treatment	<input type="checkbox"/>	
1. <i>Childcare centres not providing meals and hairdressers are a 'deemed to comply' business and do not require an approved pre-treatment device.</i>			
Metals?	Will metals be present in your trade waste discharges?		Yes: <input type="checkbox"/> No: <input type="checkbox"/>
	If yes, please list:		
Chemicals?	Do you use any industrial strength chemicals?		Yes: <input type="checkbox"/> No: <input type="checkbox"/>
	If yes, please list and attach any relevant MSDS to this application:		Yes: <input type="checkbox"/> No: <input type="checkbox"/>

Section 6 - Pre-treatment

OPTIONAL – COUNCIL REQUESTS THAT THE FOLLOWING INFORMATION BE PROVIDED TO ASSIST IN DETERMINING THE CONDITIONS ASSOCIATED WITH THE ISSUE OF THE TRADE WASTE APPROVAL.

Pre-treatment Devices?	Do you have a pre-treatment device installed?			Yes: <input type="checkbox"/>	No: <input type="checkbox"/>	
	If no, when will the pre-treatment device be installed:		Date:			
What pre-treatment device/s are installed? (Please indicate how many of each size)?	Grease Arrestor (grease trap) ²				Qty:	
	1000 litre	<input type="checkbox"/>	2000 litre	<input type="checkbox"/>	3000 litre	<input type="checkbox"/>
	Other (please specify):					
	Neutralising Arrestor				Qty:	
	1000 litre	<input type="checkbox"/>	2000 litre	<input type="checkbox"/>	3000 litre	<input type="checkbox"/>
	Other (please specify):					
	Silt Arrestor				Qty:	
	1000 litre	<input type="checkbox"/>	2000 litre	<input type="checkbox"/>	3000 litre	<input type="checkbox"/>
	Other (please specify):					
	Oily water separator				Qty:	
Make:		Model:		Pump capacity (litre/hour)		
Other (please specify):						
2. For grease arrestors, you must complete the grease arrestor sizing chart included with this application form. If you have more than one grease arrestor, you must complete separate charts for each arrestor.						
How is your pre-treatment devices operated?	Do you use any additives in your pre-treatment processes, including quick/rapid break detergents/degreasers, or any chemicals or cleaning products?			Yes: <input type="checkbox"/>	No: <input type="checkbox"/>	
	If yes, please list:					
	Are there any food waste disposal units connected to sewer?			Yes: <input type="checkbox"/>	No: <input type="checkbox"/>	
	If yes, please list:		Motor Watts:			
	Estimate flow discharged to sewer per day:		Litres:			
	Council authorised contractor who will service the pre-treatment device:					
	Authorised Contractor:			Phone:		

Section 7 – Sizing for grease arrestors¹ (grease traps)

OPTIONAL – COUNCIL REQUESTS THAT THE FOLLOWING INFORMATION BE PROVIDED TO ASSIST IN DETERMINING THE CONDITIONS ASSOCIATED WITH THE ISSUE OF THE TRADE WASTE APPROVAL.

Effluent Generators?	Fixture/fitting	Capacity (litres)	Qty:	Total (litres)
	Bain marie - water heated	Maximum capacity of the apparatus x 3		
	Bin Wash / Wet Garbage	In-floor self-closing dry bucket arrestor trap. Installation of a grease arrestor is not required.		
	Floor waste/bucket trap/grated strip drain	50 litres every 50 square metres of floor area or part thereof, plus the capacity of any connected equipment		
	Sealed floor waste gully	0 plus the capacity of any connected equipment		
	Cleaners sink	30		
	Dishwasher – tunnel feed	Manufacturer's peak flow rate per hour x 3		
	Dishwasher – large (>1 outlet)	Manufacturer's peak flow rate per hour x 3		
	Dishwasher – medium (upright)	300		
	Dishwasher – small (under bench)	150		
	Glass washer – tunnel feed	Manufacturer's peak flow rate per hour x 3		
	Glass washing machine	150		
	Grease canopy (water cleaned)	50		
	Hand basin	30		
	Ice cream machine – soft serve	60		
	Lab sink (commercial or research laboratory)	50		
	Lab sink (educational facility)	22		
	Noodle cooker	100		
	Potato peeler – large commercial application	Manufacturer's peak flow rate per hour x 3		
	Potato peeler – small kitchen application (bench type)	100		
	Rotisserie rack	100		
	Steamer roast oven/combi oven ²	1000 litres + an additional 40 litres per rack		
	Electric or gas/steamer cooker/kettle	200		
	Sink – per outlet connected separately to drain (depth greater than 300mm)	300		
	Sink – single bowl (depth up to and including 300mm)	150		
	Sink – double bowl (depth up to and including 300mm)	300		
	Trough up to four taps	40		
	Trough greater than four taps	40 plus 10 litres per tap i.e. if there are 6 taps, it will be 40 + 10 + 10 = 60, 8 taps will be 80.		
	Tundish condensate (refrigerator/freezer condensate)	3		
	Tundish (except refrigerator/freezer condensate)	10 plus any listed connected apparatus		
	Wok burner – dry	30 per water arm		
	Wok burner – wet	Manufacturer's peak flow rate per hour x 3		
	Total			

Notes:

- The minimum-sized grease arrestor required by Council is 1000 litres.
- If you have a steamer roast oven/combi oven, you must allow an additional 1000 litre spare capacity. These devices will usually require connection to a minimum 3000 litre grease arrestor.
