Garden Island Booking Form – 1 July 2026

Essentials to bring

Camping is a fun activity when you are well prepared and take the right equipment, so remember to pack the following items:

- Waterproof tent, poles and pegs
- blade or screw-style pegs and mallet
- bags for rubbish and storage
- drinking water
- sufficient non-perishable food and other supplies
- cooking utensils
- sleeping bag and mat, swag or other bedding
- suitable clothing and sturdy shoes
- wet weather gear, such as a raincoat or waterproof jacket
- insect repellent
- hat and sunscreen
- suitable first-aid kit
- binoculars and camera
- map and compass
- torch for walking at night
- broadcast radio (for weather forecasts) and spare batteries
- Two-way radio and/or satellite phone, plus extra fuel (if you intend camping in remote places).
- Campers must bring their own firewood

It's a good idea to pack a gas or liquid fuel stove/barbecue, fuel and waterproof matches for camping trips.

Staying Safe

Be aware of potential dangers and take care of yourself. Plan carefully and make sure your camping equipment and vehicle or boat is in good working order before leaving home.

- Read signs and brochures carefully.
- Pay attention to any safety warnings
- Supervise your children, especially near water, fireplaces and in areas with potentially dangerous wildlife.
- Treat water before use
- Keep food in locked containers or in your car to keep it safe from wildlife
- Wear protective clothing to avoid sunburn, bites, scratches and stings.
- Take extra supplies in case you get stranded by sudden changes in the weather.
- Be aware of tidal variations and strong currents.
- Anchor boats securely.
- Be alert for sudden weather changes, particularly storms and cyclones
- Be prepared to evacuate if necessary
- Carry a marine band radio and transceiver as many sites are out of mobile phone range

Minimal Impact

- Help to prevent the spread of weeds and pests. Check your vehicle, camping equipment and clothing to ensure they are clean before entering parks and forests.
- Help reduce the risk of wildfires and burn injuries by using a fuel or gas stove for cooking.
- Remember, plants and animals are protected. Try not to trample plants when walking or erecting your tent.

Use your poles, not trees, to support tent ropes and lines.

- Take all rubbish home. Disposing of rubbish in fireplaces is an offence.
- Enjoy the peace and be considerate of others. Leave generators, compressors and stereos at home
