Location of Connection

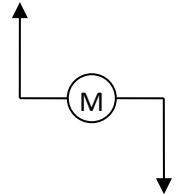

Mark preferred service location with an X and show the distance from the boundary.

Please Note: it may not always be possible to install the connection at this location

☐ Meter parallel to front alignment

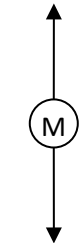

To House

To Water Main

☐ Meter perpendicular to front alignment

To House

To Water Main

Important

Water Services installed by developers are already in place.

Where an electrical pillar box is on the boundary the water service must be a minimum of 1 meter from the box or placed on the opposite boundary.

Note: A fixed price quotation will be provided for any cost component excluded from the set fee. The full cost of the works including the quoted component must be paid in full prior to the works commencing.
